mittee, accompanied by Mrs. Emma Larsen; Mrs. Seabury Cook, chairman of the New Bedford committee; Mrs. Daniel Ferreiar, chairman of South Dartmouth Committee; and Mrs. Nowak, chairman of Marion Committee. Mrs. A. H. Worrell of Wareham committee and Mrs. David Haley of Mattapoisett Committee were unable to be present.

The Citizens for Goldwater will hold a dinner party at Eugene's in October, the date to be set later when final arrangements are made for the speaker.

There are now 140 members on the various committees.

All present made enthusiastic reports of the bus trips from the various towns to Fenway Park for the Goldwater Rally. All reported how exciting it had been for those who attended to be among 25,000 enthusiastic supporters of Senator Barry Goldwater. Several girls had been on the New Bedford bus which was stoned and pelted with debris as they passed through one section of Boston. Although windows were broken, nobody was injured because of the shatter-proof glass. One girl saw a camera man taking pictures of empty seats and when she asked him why, he said he was instructed to. These were seats which had been roped off behind the platform.

Mrs. Seabury Cook invited all chairmen to attend the coffee hour on Friday morning she is having for her New Bedford Committee at her home.

Anyone wishing bumper stickers for Goldwater or literature may procure it either from Mrs. Nowak or at the Wareham Goldwater Hq's which

Social Security

I favor a sound Social Security system and I want to see it strengthened. I want to see every participant receive all the benefits this system provides. And I want to see these benefits paid in dollars with *real* purchasing power.

Social Security is a system of *basic* protection for the aged. In addition, most Americans now participate in private pension plans while many have their own savings and investments. Social Security was never intended to replace voluntary programs. Its prime purpose was and is to supplement them, to provide a basic floor. I am convinced it can do this job, the job for which it was created.

We will not preserve the Social Security system if we saddle it with unnecessary burdens, such as medicare. We penalize every aged citizen if we thus bankrupt the system which protects them.

Nor is the public interest served by those who label every sincere proposal to correct and perfect the Social Security system as an attack on its basic principles.

Essentially, protection against need in America depends on a free economy which produces an ever-growing abundance and an ever-greater opportunity for all. In this framework, Social Security has a vital and legitimate supporting role.
